

## TONYPANDY MIDDLE SCHOOL Regeneration of Community Autism Centre

Dawnus supported Rhondda Cynon Taf's Trivallis' regeneration team to help transform the Dan Murphy Day Centre in Tonypandy. Once finished, the centre will be occupied by 'Autism Life Centres' who offer young adults the opportunity to learn the skills they need to be able to live independently.

Dawnus donated labour and materials to deliver the clearance works to the external areas of the building. Previously the external areas were overgrown with brambles, weeds and full of litter. The Dawnus team cleared all of this and also cleaned the guttering to the building.

The stakeholders that will benefit from the works are RCT Social Services, Health Board, parents, National Autistic Society, Autism Directory, Autism Puzzles, Celebrate the Children UK Charity, Ysgol Hen Felin School Charity and SEN schools such as Bryncellinog, Ty Coch and Heronsbridge, Team Around the Family.
